

Documenting Content and Technology Decisions on the Selection Tool

Use the chart below to document your content and technology choices, noting how each supports your intentions, meets accessibility requirements, complies with copyright, and has appropriate tech support available.

Content or Technology Choice	Describe how it supports the intended instruction.	Document the ways it is, or is not, accessible for learners?	Document how it meets Fair Use and TEACH Act criteria? <small>(You can use Fair Use and TEACH Act checklists to guide you.)</small>	What support is available for the technology (if applicable)? <small>(List UAlbany Help Services at 518-442-3700 or vendor support site and resources.)</small>
